Hi Deanna, my estimate is as follows:

NW-25-33-25-W4 - \$5000
SW-25-33-25-W4 - \$10,500

Let me know if you need anything else.
Thanks.

Subject: Road Closure

Good Afternoon Troy,

We have a road closure which has gone through First Reading and the Public Hearing Process. And, yes, we finally even obtained ministerial approval! I have attached a copy of the preliminary survey. The road closure will be consolidated with the quarters to the east. Would you be able to provide me the cost of the land, so I may call the applicant again and remind him after all this time, we were successful, however the payment of the land will still need to be dealt with. I will also offer him the option to obtain his own appraisal.

Thank you Troy,
D
