BACKGROUND/PROPOSAL:

The Three Hills RCMP Police Advisory Committee was established for the purpose of formalizing the process for receiving input from the community and the partnership between the community, the RCMP and local government.

The objective of the Committee is to:

- advise the Detachment Commander on policing priorities identified through community input, for Council consideration and approval,
- to keep the Detachment Commander informed of emerging trends and issues within the community,
- to make and/or implement recommendations on community policing initiatives based on identified trends and issues.

The principal philosophy of the Police Advisory Committee (PAC) that "the police are the community and the community are the police," a philosophy which is also reflected in the CMP mission statement of providing a safe and secure community through community input. The PAC reflects the demographics of the community served by the RCMP and provides liaison among Councils, residents, community groups and the RCMP.

The committee meets 5 times per year. The meeting location rotates, between the 4 municipalities.
