

## **CAEP Member at Large**

The Central Alberta Economic Partnership has been providing excellence in regional economic development collaboration programs and services since 1998. We are a member-based, board governed non-profit corporation. CAEP operates with the generous contributions of our volunteer working groups and members, and the financial support of the Government of Alberta and our municipal and partner members.

Being a member of CAEP is about investing in the future of your community and the region. The board works together with one vision to collectively move the region forward to stimulate the economy both locally and regionally. As a member of CAEP you:

- Have the ability to shape the region by serving on our board of directors, participating in ad hoc working groups, and attending forums.
- Have opportunities to meet and network with the region's business and community leaders at events.
- Benefit from member pricing for events and training opportunities.
- Have the ability to leverage considerable funding to grow the economic vitality of the region.
- Have the ability to build capacity within your own community to advance sustainable economic development.
- Have a louder voice with upper levels of government as we are all heard as one.
